New York, Oct. 9.—The most in
telligent jury sworn to try a hom-

cide case here since the noted or deal of Roland B. Molineux, a decade ago, was that which was sworn in today to try Police Lieut. Chas Becker for the murder of Gamble Herman Rosenthal.

Every man who passed the selection of counsel for both sides, and the final analysis of the accused policeman himself was far above the average of the usual juror in ability. As in the Molnoux trial the defense insisted that the men selected should be able to act and think independently. In addition

every man chosen is married, this being one of the things Beckers positively insisted on and he declared when court opened today that he was well satisfied with the men chosen.

(BY GRANTLAND RICE.)

The game was a close one, with the Yankees leading 1-0 in the 10th inning. But in the 11th, the Red Sox scored the winning run on a sacrifice fly by Mark Koenig.

Doyle to Merkle. Hooper has one through Merkle down the right foul line for two bases. Yerkes out. Fletcher to Merkle. No runs, one hit, no errors.

THIRD INNING.

NEW YORK—Snodgrass flied out to Hooper. Doyle fouled out to Gardner after two weak swings. It looked as though the Giants' captain, who is a left handed batter, was badly handicapped against Collins' southpaw pitching. Becker grounded out, Wagner to Stahl. No runs, no hits, no errors.

BOSTON—Speaker lined a high one to Merkle which the Giant first baseman knocked down by leaping high into the air. Speaker and Merkle both slid into first, Merkle getting the decision. Lewis flied to high to Murray, Gardner grounded out, Doyle to Merkle. No runs, no hits, no errors.

FOURTH INNING.

NEW YORK—Murray tripled to right center. His drive was a liner over second which Hooper didn't time right, the ball getting past the Red Sox right fielder, which gave Murray an extra base.

Merkle fouled to Gardner close to the stand. Herzog hit a long high sacrifice to Speaker, Murray scoring after the catch. Speaker went so far into center to get the ball that he did not even turn around to watch Murray go home. Meyers grounded to Wagner in deep short, but it was too hot for the Red Sox Captain and it went as a single for the Giant catcher. Fletcher hit a high fly to Hooper in deep right. One run, two hits, no errors.

BOSTON—Stahl struck out. Missing a low one over the outside corner for this third swing. Wagner flied to Murray in short right center. Carrigan was robbed of a hit by a great stop by Fletcher in deep short and well toward third, being thrown out by a quick throw to Merkle. No runs, no hits, no errors.

FIFTH INNING.

NEW YORK—Matty got another hand and fanned. Carrigan dropped the third strike and Matty started for first but Carrigan's throw beat him easily.

Snodgrass was over anxious and duplicated Mathewson's strike out stunt. Doyle flied to Lewis in short left and another half inning was wound up in short order. No runs, no hits, no errors.

BOSTON—Collins fanned, the third strike being called in celebration of the occasion the sun, which had not before shown forth during the game, peeped from behind a cloud and was given a well-coming cheer by the fans who felt the slightest at the discrimination of the weather man in favor of New York. Hooper connected for a line single to center, the third successful connection in three times up. As soon as the sun demonstrated that it was on the job for keeps, Murray and Snodgrass interchanged positions the latter donning his goggles and taking the sun parlor in right field. Fletcher dropped Meyers' throw to catch Hooper stealing and he was safe at second.

Yerkes, the pinch hitting hero of the first game came through with a triple to center, Hooper scoring. Speaker lined to Fletcher who threw to Herzog doubling up Yerkes at third. One run, two hits, one error.

SIXTH INNING.

NEW YORK—Becker drove an easy one to Yerkes and was thrown out to Stahl. Murray was again there with a wallop and singled safely to right. Merkle flew out to Speaker in deep left center. Murray was caught by a yard, Carrigan to Wagner on his lame attempt to steal second. No runs, one hit, no errors.

BOSTON—Lewis' bounder was too hot for Fletcher to handle, but the Giant shortstop made a game attempt to recover. He was unsuccessful and Lewis got credit for a single. Gardner sacrificed, Matty to Merkle, moving Lewis over to the second turn. Merkle dropped Stahl's high foul back of first and chalked up an error for himself. Stahl was out at first on a weak tap to Matty, Lewis taking third on the put out. Wagner died on the base line, Matty touching him out after capturing his little roller. No runs, one hit, one error.

SEVENTH INNING.

NEW YORK—Herzog started the seventh for the Giants with a clean smash to right. Meyers flew out to Yerkes. Herzog stole second, securing the benefit of a close decision by a beautiful slide into the bag. Fletcher popped out to Stahl. Mathewson struck out. No runs, one hit, no errors.

Brothers Are Murdered By Unidentified Men

(By United Press)
North Vernon, Ind., Oct. 9.—Charles McQuaid, 71 years old, and John McQuaid, 58 years old, brothers, living together five miles southwest of this city, were called to the door last night between 11 and 12 o'clock and murdered by two unidentified men.

Charles McQuaid answered a knock at the back door and a man in the darkness told him his name was Kinder, and that his wagon had

broken down in the highway, and he wished help. The man in the yard told McQuaid he wished a light and Charles got a lantern.

As soon as McQuaid stepped out one of the men struck the lamp and then grabbed him. Charles called to his brother John, and when John appeared at the door he was shot through the heart. Charles was a powerful man and put up a desperate fight. He was stabbed and then shot in the hip, dying two hours later.

turned the compliment by striking the Boston twirler out. Hooper went out, Doyle to Merkle. No runs, no hits, no errors.

EIGHTH INNING.

NEW YORK—Snodgrass was safe on Lewis' miff on his short line fly. Doyle made his first hit of the game, a hard grounder to center for a single. Becker forced Doyle at second, Yerkes to Wagner, Snodgrass reaching third on the play. Murray doubled into the left field bleachers, scoring Snodgrass and putting Becker on the third sack. The rap worked the undoing of Collins who was yanked out of the box, being replaced by Hall, who had been warming up for the last three innings.

Merkle fouled high to Carrigan near the stand between home plate and first. Carrigan misjudged a high foul by Herzog, he scraping the stand between home and first. The ball landed in his mitt but didn't stick. Herzog doubled into left field bleachers, scoring Becker and Murray and putting the Giants one to the good. Meyers grounded out, Wagner to Stahl. Three runs, three hits, one error.

BOSTON—Yerkes flied to Murray in short left. Speaker rolled an easy grounder to Matty and was tossed out at first. Lewis drove a long fly into deep bleachers, Murray went back to the low fence in front of the bleachers to get it, leaning backwards over the fence, the ball hit his glove and toppled him over into the crowd and out of sight. The umpire rushed over expecting an argument, but Murray admitted dropping the ball. Lewis got credit for a two bagger. Gardner singled through Fletcher, scoring Lewis, and tying up the game. On Murray's throw to the plate, Gardner took second. Doyle grabbed Stahl's grounder with his bare hand and then fumbled it and Gardner was safe on third on the play.

Stahl stole second, Meyers throwing to Herzog to drive Gardner back to third. The throw to Herzog was high and only a wonderful jump and catch by the third baseman prevented further scoring at this period. Mathewson fanned Wagner. One run, two hits, one error.

NINTH INNING.

NEW YORK—Fletcher was mowed down, Wagner to Stahl in the most spectacular play of the game, Wagner appearing a hot bounder at his finger tips and Stahl smothering what had the earmarks of a wild throw by a great one handed catch. Mathewson flied to Stahl. Snodgrass walked the first pass of the game. Snodgrass stole second easily, Carrigan's throw being low. Doyle was purposely given a base on balls. Becker who followed him not having hit safely during the game Becker walked, filling the bases. Murray grounded to Wagner whose toss to Yerkes forced Becker at second. No runs, no hits, no errors.

BOSTON—Carrigan out Matty to Merkle. Hall fouled to Herzog. Hooper flied out to Doyle. No runs, no hits, no errors.

TENTH INNING.

NEW YORK—Merkle connected with the first ball pitched for a triple to left center, Herzog out. Wagner to Stahl. Wagner making a great running stop. Meyers was purposely passed on four pitched balls. McCormick batted for Fletcher. Shafer ran for Meyers. McCormick flied to Lewis, scoring Merkle from third. It counts as a sacrifice fly for McCormick. Shafer took second on Lewis' throw to the plate. Mathewson flied out to Yerkes. One run, one hit, no errors.

Wilson replaced Meyers behind the bat and Shafer replaced Fletcher at shortstop for the Giants.

BOSTON—Yerkes out, Wilson to Merkle. Speaker tripled to center and was safe at the plate when Wilson dropped Shafer's relay. Lewis doubled to center field. Gardner out, Doyle to Merkle, Lewis taking

CITY GIRLS COULDN'T IDENTIFY POTATOES.

Cleveland, O., Oct. 9.—Do you know where the court house is? Society for Savings? Williamson Building? Can you recognize a potato plant? High school graduates, Normal school girls and College for Women girls have some queer notions about these things, Dr. Jean Dawson reported to the Normal School faculty today.

Twenty-nine out of 100 couldn't locate ten prominent buildings.

Forty-five girls studying to become teachers couldn't recognize a potato vine with potatoes attached, and 81 didn't know a sugar beet. Seventy-six couldn't locate the City Hall, and 85 couldn't tell where the new courthouse is located, and 88 didn't know where the Society for Savings Building is. All of the girls had lived in Cleveland at least five years and many all their lives.

ATHLETICS IN LIMA BOOSTED

BY MEMBERS OF THE SCHOOL BOARD—DRINKING CUP QUESTION UP AGAIN.

Lima High School athletics are clean, above-board and rest upon a firm financial basis. This was revealed at the monthly meeting of the city school board last evening when a report from the high school athletic association was reviewed by members of the board. An improved athletic field and reconstruction of a grandstand cost the association \$485.89. Of this expenditure, \$430.89 was wiped out by popular subscriptions, social functions and rental from the city church league. The 1912 baseball season left \$43.85 in the association's strong box, a deficit of \$55 remained from the 1911 football season.

The unsanitary drinking cup lobbed up again at Tuesday night's meeting. Despite resolutions adopted by the board of education, made compulsory by the state board of health and reinforced by the city health board, sanitary fountains have not been installed in the Lima schools and no steps have been taken to comply with instructions. No official action was taken on the matter.

The superintendent's report showed an increase of 225 in the enrollment over last September. There are 4992 pupils enrolled in the city schools. Six hundred and ninety-five are students at the Lima High School making the aggregate total near the 5,700 mark.

Of this number, 97 per cent. attend school regularly, giving the increase in average daily attendance with 98 per cent. of enrollment. McKinley follows sharply with 97.9 per cent of enrollment while College trails with 95.3.

STRIKERS

IN GEORGIA MUST NOT DISTURB MAIL TRAINS

ONE BIG SYSTEM NOT ABLE TO OPERATE ANY TRAINS

Atlanta, Ga., Oct. 9.—Another day has passed without an attempt being made to operate trains by the Georgia Railroad and the tie-up is more complete than on any day since the strike was inaugurated over a week ago.

The action of the Atlanta Joint Terminal Board in refusing to re-instate terminal employees who struck out of sympathy for the Georgia road trainmen has complicated the situation and may result in an effort to tie-up every road entering Atlanta. The chairmen of the Order of Trainmen and Conductors on every road entering Atlanta, have been called to a conference here tomorrow with grand officers of the orders to consider the action of the other roads "in aiding against the strikers." It is generally believed that the strike will be extended to other roads.

The Louisville and Nashville and Atlantic Coast Line lessees of the Georgia road secured an injunction from United States Judge Grubb today restraining strikers and sympathizers from interfering with mail trains.

Elbert Hubbard on Suffering. Elbert Hubbard, editor of the Philistine, says: "Most of the suffering in life comes from too much work, or too little." He could have left that off "too little," and he would have left it off and he referred to wash-day sufferings. There has been too much work on wash day for the women, but now we have Easy Task soap that does the work easily, quickly, cleanly and surely—and does half the work all by itself. It is the cleanest, purest, white laundry soap made and sold at five cents a cake. (Advertisement.)

HIGH COST OF LIVING

Discussed At Ohio Grocers And Butchers' Convention

Dayton, O., Oct. 9.—There was a fair representation at the opening Tuesday of the thirteenth annual convention of the Ohio Grocers and Butchers' Association, held in this city. The high cost of living proved the most prolific topic, and it was the consensus of opinion that dealers prefer seeing high prices, with every body at work, rather than lower prices and no work to do.

J. A. Ulmer, of Toledo, President of the association, in his address referred to the prosperity prevailing throughout the land, and congratulated all upon the abundance of crops.

LAXATIVE FOR OLD PEOPLE—"CASCARETS."

WHAT GLASSES ARE TO WEAK EYES—CASCARETS ARE TO WEAK BOWELS.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep.

Girls! Get a 25 cent bottle of "Danderine" and try this. Also stops falling hair; destroys dandruff.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine" hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any drugist or toilet counter, and just try it.

DEPARTURE OF ANOTHER GOOD PASTOR COMES

THE REV. J. EDWARD HAND WILL LEAVE FOR NEW HOME IN FEW DAYS.

The Rev. J. Edward Hand, pastor of Christ Episcopal church at North and West streets, will leave Lima in a few days to accept the call he recently received from Grand Falls, New Brunswick, where he will assume the duties of pastor of All Saints church.

The Rev. Mr. Hand tendered his resignation to the board of vestrymen of the church some weeks ago but the board did not accept it until Tuesday evening, when a meeting was held at the Parish house. The resignation becomes effective the first of November.

Rector Hand's successor will be chosen later. The resignation will first be officially reported to Bishop Leonard and he will make a recommendation to the board of vestrymen for a successor to the retiring pastor.

The Rev. Mr. Hand will leave many warm friends in Lima when he takes his departure for his new field of labor. He has been a good pastor; faithful and painstaking at all times and he will be missed not only among those of his congregation but among the citizens generally.

STRIKERS

IN GEORGIA MUST NOT DISTURB MAIL TRAINS

ONE BIG SYSTEM NOT ABLE TO OPERATE ANY TRAINS

Atlanta, Ga., Oct. 9.—Another day has passed without an attempt being made to operate trains by the Georgia Railroad and the tie-up is more complete than on any day since the strike was inaugurated over a week ago.

The action of the Atlanta Joint Terminal Board in refusing to reinstate terminal employees who struck out of sympathy for the Georgia road trainmen has complicated the situation and may result in an effort to tie-up every road entering Atlanta. The chairman of the Order of Trainmen and Conductors on every road entering Atlanta, have been called to a conference here tomorrow with grand officers of the orders to consider the action of the other roads "in aiding against the strikers." It is generally believed that the strike will be extended to other roads.

The Louisville and Nashville and Atlantic Coast Line lessees of the Georgia road secured an injunction from United States Judge Grubb today restraining strikers and sympathizers from interfering with mail trains.

Elbert Hubbard on Suffering. Elbert Hubbard, editor of the Philistine, says: "Most of the suffering in life comes from too much work, or too little." He could have left that off "too little," and he would have left it off and he referred to wash-day sufferings. There has been too much work on wash day for the women, but now we have Easy Task soap that does the work easily, quickly, cleanly and surely—and does half the work all by itself. It is the cleanest, purest, white laundry soap made and sold at five cents a cake. (Advertisement.)

HIGH COST OF LIVING

Discussed At Ohio Grocers And Butchers' Convention

Dayton, O., Oct. 9.—There was a fair representation at the opening Tuesday of the thirteenth annual convention of the Ohio Grocers and Butchers' Association, held in this city. The high cost of living proved the most prolific topic, and it was the consensus of opinion that dealers prefer seeing high prices, with every body at work, rather than lower prices and no work to do.

J. A. Ulmer, of Toledo, President of the association, in his address referred to the prosperity prevailing throughout the land, and congratulated all upon the abundance of crops.

LAXATIVE FOR OLD PEOPLE—"CASCARETS."

WHAT GLASSES ARE TO WEAK EYES—CASCARETS ARE TO WEAK BOWELS.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep.

BOSTON NOT AS STRONG AS OLD MACKIAN MACHINE SAYS RICE

Series Have Just Started--Tesreau Too Overconfident--Result In Doubt

(By Grantland Rice.)
Boston, Mass., Oct. 9.—It's up to the main hinge of the Old Master after all. For the first time in Manhattan's post season history, Mathewson adorned the Giant bench instead of the Giant firing line. For the first time in Manhattan's post season history the Giants lost the "jump game." Four times before the big gun had blazed the trail for a Giant start. But yesterday he looked on and today he will try to retrieve what younger generation tossed aside. When the Gods go, the half Gods arrive slowly. They may blaze in glory for half the distance but the trail runs from start to finish and there is no resting place by the road side for those who would finish wearing the laurel.

DOPE SLIPPED BY.
The grand old dope slipped through by an eye lash at the start. Joe Wood pitched and Boston won. Through a game exhibition was doomed until his pals rushed suddenly to his aid and yanked him safely out of the trouble. His next start must call for increased steadiness or almost sure trouble if the Giant pitching staff sticks to form.

SOX BELOW STANDARD.
There's a queer kink in the dope today, and here it is. That hectic opener both clubs fought to an eyelash finish, neck and neck, beak and beak, until Wood's last shot hurled in a gray-white streak by Crandall's bat and thudded into Cady's mitt. et both teams have lost any great respect for the other and both are more confident than they were at the start. Boston has carried this confidence all the time and sees no reason to change her mood. And New York sees in the red hosed legion a team below the slashing power and general resourcefulness of Mackian guard—the Benders, the Bakers, and the other home run makers, of a year ago.

Yet the edge is with Boston to this extent: That first game counts and while Tesreau is almost sure to pitch better ball, so is Joe Wood. Neither was at top form, although

the Giants' mastodon cut a brilliant streak across the five rounds.

HOW THE FEELING STANDS

Boston's confidence has bounded forward because her clan has upset and beaten Tesreau, the terrible, the mammoth who suffered above the other Giants—and the fact that New York showed again an attack that always fell short, having weakness in her batting machine which broke up each impending rally.

And the Giants felt more confident in defeat than they felt last year because they not only see in Boston a less powerful club than the Mackian machine, but they have found also they can hit the matchless Wood, who, with all his brilliancy, lacks the cool, calculating poise of Bender, Plank and Coombs. This trio was inhuman, but Wood has shown that while game and flashy, his system is composed of a net work work of nerves likely to become tangled at any stage. His daring specialty consisted yesterday in leaping blithely from hole to hole and from groto to groto. Smoky Joe had the nerve—but the nerves as well. He had the courage and the stuff—but a woeful lack of steady. He struck out eleven but they earned three runs from his pitching—and three runs in a world's series fray is generally enough.

THE OLD HIT.

Boston won the opener because her clan had the punch—the punch in the pinch—the punch at bat and in the box. When the show down arrived she had somebody there with a kick amasse in either restlessness or hoof. It was either Wood or Speaker or Hooper or Yerkes—but always the right man at the right spot with the right goods.

New York carried more brilliant flashes—both in pitching and bat-

FIRST BOSTON HERO

This Speaker, demoniac center-fielder of the Red Sox, who scored the first run and started the Sox on to victory, by tripling in the third inning and scoring a moment later on an infield out.

ting—but in neither could the Giants run out their string. Always at the big spot they fell short by the margin of an eye lash when an eyelash would have yanked them safely through. Had but one more man to handle in the fatal seventh with two out—but he couldn't handle him. New York needed one more hit in the rallying ninth—but the hit never came.

Boston had an opening—and that was enough. New York had three and three was not enough. And there, gentle reader, you are. Boston had danced to the old time melody: "I want what I want." What is more to the point, she lost.

and second wind. They broke beneath his guard. He had pumped out the bare up and was waiting for the flame to begin again. It was the alert keen-eyed Speaker's triple that started the flareup. In the next round they got to him with his guard down and whirling their bludgeons, drove him from the field. This marked Boston's lone assault—but in that one mad-headed charge, they swept the game beyond the Giants' reach. The punch was there at the physiological moment—and the knockout was back of the punch.

TWO VITAL INSTANCES.

Outside of Wood's game brilliant pitching in the throbbing pinch and the Red Sox rally that won, there were three leading incidents which featured above all others in the day's play.

The first fell against Boston—and cost her two runs. The last two fell against the Giants.

In the third round with one gone, Wood passed Devore, Doyle followed with a short fly into left. Hoinsie Wagner should have eaten it alive. Gardner might have gotten it. Lewis facing the sun, had no chance and yet he was left alone to drag it down. This slip cost two runs and paved the way for Red Murray's reincarnation. Jack responded with his first world series hit and put his pals to the good.

THE SECOND BREAK.

The second "break" developed in the sixth. With one gone and Tesreau traveling the hitless trail, Speaker slammed a long drive between Devore and Snodgrass. Both started for it at full speed. But the

Matty Will Pitch Today--Should Find Collins Easier Man Than Wood--War New!

drive breaking away from Snodgrass swerved towards Devore. Josh was planted for it—an easy catch—when Snodgrass, not knowing this, dashed forward, knocked down the ball, but failed to hold it.

Outfield team play here would have saved a run—and possibly averted Tesreau's downfall.

THE THIRD EYELASH.

The turning point of the day—developed in the seventh. There were two Red Sox out with Wagner alone stood. Only on first, Hooper alone stood before Tesreau and victory. Tesreau must have known what it meant to retire the man as he meant to retire the man as he lurched forward and—trunk one at terrific speed. Hooper over the screen, lunged for a gentle foul. Meyers whirled and dashed for the fraction of an inch ward and by the fraction of an inch missed the catch for the evening. An inch only an eyelash finish enough to win in an eyelash finish.

By the margin of this failure Tesreau fell—and great, my countrymen, was the fall thereof. For Hooper doubled, Yerkes singled and the stuff was off.

THE LAST STAND.

The Giants' stand was heroic—bravely planned assault but no more heroic than Woods. One on out Morkle, Herzog and Meyers hit safely with the winning runs on second and third. McGraw stood pat and Fletcher who had been hitting wood and Fletcher fell for the third time. Wood, who was on the verge of detonating, recovered his poise and struck out Crandall.

THE DAY'S WORK.

Yerkes and Murray, two supposedly weak hitters, drove in the runs each. But the old Guard broke Tesreau's iron grip. New York it was Doyle who finished up the brilliant night and who responded with hits and close behind Doyle came Herzog, always dangerous and ways fighting hard and fast. Meyers came through at the right moment with his right field blow, danger as always. And among those who know Hooper and Yerkes there is no surprise at their timely walk. Neither is a slushing savantism, both fanned as vital factors in a pinch where they come through often as Speaker and Cardener, team's two sluggers.

THE ULTIMATE COUNT.

Viewed from the angle of a first battle the Red Sox by trouncing Mathewson are in a position to enter the series by Saturday. Fall before the big Gun, they are ill to bump into much better or more compact pitching from a guard and Tesreau who would forced to work a steadier strike trick he is capable of turning normal form. In other words a team has shown any impressive mastery over the other—no playing form as the Mud men a year ago. In behalf of a nonchalant rebuttal the series belongs to either club—with the drawing the edge through the play of the jump game and with playing form close enough to tilt the fortunes of war to the issue. Boston has shown impressive power of attack fielding as sharp as that of Giants. New York's main show rests with Mathewson and his guard pitching to top form. No ordinary day-in and day-out, can the trick against a club likely break up the game in any in with any section of the batting der up.

FAUROT—"FRECKLES" TONIGHT

A dramatization of the widely read book and a highly successful play, is "Freckles," Gene Stratton-Porter's masterpiece, dramatized by Nell Twomey, which is at the Parrot tonight.

From a literary point of view there have been few greater pastoral stories written. When one has read a story, there is always a desire to see it played; to see the characters in real life, and this is undoubtedly one of the most important reasons for the success of "Freckles" as a drama. It is making theatrical history, is this wonderful story as dramatized. During its trial performances last season it drew record breaking audiences, and with unanimous acclaim the play went out, that its success as a drama would be equal to its success as a story. On its regular tour, with a more complete scenic equipment, a stronger company of artists and the smoothing down, which is a necessity with all stage productions, it is playing to capacity audiences everywhere.

Under the direction of A. G. Delamater, known from coast to coast as a producer of nothing but clean, healthy dramatic attractions, there is no wonder that this literary hit is making theatrical history. There is not alone a desire on the part of those who have read the book to see the play, but of those theatre-goers who believe that there is a real pleasure in seeing a play which makes one feel better for having seen it.

FAUROT—"THE BOHEMIAN GIRL"

It is said that the most sensational success of the season was scored by the Aborn Opera company in its modernized version of Balfe's ever popular opera "The Bohemian Girl" which is announced for presentation at the Parrot on Thursday night.

The beauties of the ballads, for which the opera is justly famous, should be, and were for nearly seventy years, sufficient to keep it in high favor with all music lovers, but Milton Aborn thought that a new chain could be added to it, if, without slighting the music in the least, advantage could be taken of the splendid opportunity offered by Balfe's work for spectacular treatment. With this purpose in view they engaged Edward P. Temple, who staged all the Hippodrome shows for the three seasons of its career, and his genius was never better shown than in the realistic production of "The Bohemian Girl" so it is claimed. To those who remember Balfe's opera as it was formerly presented it will doubtless strike as incongruous, the utilizing of a band of genuine gypsies, a troupe of acrobats, scores of horses, dogs, monkeys, geese, pigs, chickens etc., and still it is promised that all these and other innovations have been blended into the opera so perfectly by Milton and Sargent Aborn that the marvel is that it wasn't done sooner.

Another addition that has been made and appreciated is the corps de ballet which, incidental to the third act, executes the "Dance of the Hours" from "La Gioconda." In keeping with the general plan to make it the biggest and most important production of "The Bohemian Girl" that has ever been offered the public, a company of unusual size is carried, this including a double cast of principals, chorus, ballet and special orchestra. Among the more important interpreters of the leading roles are Helena Morrill, prima donna soprano as "Arlene," Nella Brown, a mezzo soprano of international reputation as the "Gypsy Queen," Roy Pilcher, late tenor of "Baron Trenck" as "Thaddeus," Wilmet C. Goodwin as "Count Arnheim" a role he has sung more than one thousand times. Dlimar H. Poppin formerly of the Savage Grand Opera company, as "Devilshoof," Stephen Scott as "Florestine," and many others. The special orchestra will be under the capable direction of George Lyding. Seats now selling.

DON'T EAT SOAP.

Every now and then you get a faint taste of soap in something you eat. That is because the pot or skillet or saucepan has been cleaned (?) with ordinary yellow soap, and it has left a trace of the rancid and nauseating rosin in the vessel. If Easy Task soap is used, the cooking utensils are made absolutely clean and antiseptically sterilized. Families that use Easy Task soap seldom have a doctor bill to pay, because it drives out disease germs with the dirt. One cake of it is worth two of other sorts.

LEVEE BARN WAS PURPOSELY FIRED

Accidentalism is believed to be the origin of a fire which destroyed a barn owned by Miles Begole, 1136 Bellefontaine avenue, Sunday afternoon. It was investigated Tuesday evening by Deputy Fire Marshal E. Thielemann. Deputy Thielemann visited the spot in company with Chief K. Although several boys were smoking cigarettes in the vicinity of the fire early Sunday afternoon, the fire authorities have been

unable to fix the blame for the conflagration. Deputy Thielemann also inspected several buildings and rubbish piles about the city. No condemnations were made.

TALKS ON TEETH

By Dr. J. E. EVANS.

Lima's Leading Alveolar and Crown and Bridge work specialist. Your self respect demands that you give your teeth attention. See Dr. Evans and have him advise you of their needs. The teeth are necessary for good health and comfort. Good teeth add much to appearance. The only office in Lima where the true Alveolar method is practiced. Briefly the Alveolar method is a means of restoring missing teeth without the aid of partial plates or ordinary "bridge work." That we require is two or more teeth, no matter which ones, in the jaw, to work from. If those teeth are loose we can strengthen them by means of this method. And when the work is done—then you will be happy. You will feel and look younger. Why not make an effort to have the work done by us? The preliminary examination costs you nothing—in money or

obligation. We must see what the condition of the mouth is before we can promise a perfect piece of work. If all your teeth are gone and you must wear a plate, let us make you one of our smooth suction plates, guaranteed never to drop in the mouth.

Painless Extractions positively guaranteed. Remember Dr. Evans is not a new comer in Lima but has been here for years, with over 15 years' experience. Names of some of the most prominent people in the city as references. Graduate of University of Pennsylvania, Philadelphia. Prices very reasonable. Call me up and make an appointment.

JUVENILE COURT OFFICER LEAVES FOR INDIANA.

PHOTOGRAPH OF DEAD GIRL RESEMBLES THE MISSING JESSIE DELONG.

The identity of the murdered girl whose body is still being held by the authorities at Evansville, Ind., where a young girl inmate of a white slave resort who was known as "Jessie" to other inmates of the place, was beaten to death a week ago Sunday night, has not yet been established, notwithstanding the information received in this city Tuesday to the effect that Charles DeLong, of this city, had viewed the remains and declared them to be those of his daughter, Jessie, who disappeared from this city in August.

Wednesday morning the undertaker at Evansville who has the body of murdered girl in charge, wired the information to this city that Charles DeLong was in his place at 7:30 o'clock Wednesday morning and declared that the body was not that of his daughter. However, a photograph of the face of the dead girl which has been received here has been found to present a striking resemblance to the missing girl and the mother is of the opinion that the dead girl is her daughter.

Juvenile court officer Thomas Phalen, accompanied by Undertaker Whitley, left Lima Wednesday afternoon, for Evansville. The missing Jessie DeLong was a ward of the juvenile court when she was spirited away from this city in August and Officer Phalen will endeavor to learn something concerning the past of the dead girl from the other people who were inmates of the resort in which the victim was killed.

COCHRAN YOUTH IS NOT INSANE SAY WITNESSES

SPENCERVILLE FIRE BUG WILL BE RETURNED TO LANCASTER SCHOOL

Basil Cochran, the Spencerville fifteen-year-old fire bug who was brought back to this city from the Boys' Industrial school at Lancaster to be given a hearing in an insanity inquest, has been declared sane and will be returned to the state institution to which he was sentenced by Judge Hutchinson, probate and juvenile courts, a few weeks ago.

Tuesday afternoon the youth was given a hearing before Judge Hutchinson and was carefully examined as to his mental condition by a number of experts, who reported his intellect to be normal and bright. They found that the boy had sufficient mental capabilities to distinguish between right and wrong and was therefore to be regarded as responsible for his acts. They also found that he was shrewd in planning his numerous escapades. He testified that when he escaped from the institution at Lancaster he waited until evening, taking no advantage of an opportunity he had to get away on the morning of the same day, because he knew there would be less danger of apprehension and recapture during the night when he could travel faster and consequently further.

The troublesome youth has been returned to the temporary custody of Sheriff Watt and will be returned to Lancaster as soon as an officer from that institution comes here to take him in charge.

BULL MOOSE BANNER NEARLY CAUSES DEATH

A dozen or more early morning pedestrians narrowly escaped serious injury or perhaps death at 7:55 o'clock, Wednesday morning, when a four-foot brick chimney on the Williams building, north Main street, collapsed. The chimney crumbled and crashed to the pavement thirty-five feet below in a heap. A group of women had passed the spot scarcely a moment before and entered the Crawford and Bowdle shoe store on the first floor of the structure.

A guy rope holding a banner floated across north Main street by the Allen County progressives and bearing the inscription, "Thou Shalt Not Steal," tied to the chimney is believed to have loosened it from its foundation and pulled it to the ground. The rope was attached to the chimney several days ago. A high wind Tuesday night probably loosened the bricks and a heavy

gust early Wednesday morning hurled them from their foundation. John Fleming, a clerk at the shoe store, was standing less than six inches from the spot where the bricks fell. One of the missiles grazed his arm. E. B. Brown, a lumber salesman stopping at the Empire Hotel, also had a narrow escape. He was strolling along the street. The shower of bricks crashed in front of him.

North Main street business men are today investigating the cause of the collapse.

LEVEE BARN WAS PURPOSELY FIRED

Accidentalism is believed to be the origin of a fire which destroyed a barn owned by Miles Begole, 1136 Bellefontaine avenue, Sunday afternoon. It was investigated Tuesday evening by Deputy Fire Marshal E. Thielemann. Deputy Thielemann visited the spot in company with Chief K. Although several boys were smoking cigarettes in the vicinity of the fire early Sunday afternoon, the fire authorities have been

unable to fix the blame for the conflagration. Deputy Thielemann also inspected several buildings and rubbish piles about the city. No condemnations were made.

TALKS ON TEETH

By Dr. J. E. EVANS.

Lima's Leading Alveolar and Crown and Bridge work specialist. Your self respect demands that you give your teeth attention. See Dr. Evans and have him advise you of their needs. The teeth are necessary for good health and comfort. Good teeth add much to appearance. The only office in Lima where the true Alveolar method is practiced. Briefly the Alveolar method is a means of restoring missing teeth without the aid of partial plates or ordinary "bridge work." That we require is two or more teeth, no matter which ones, in the jaw, to work from. If those teeth are loose we can strengthen them by means of this method. And when the work is done—then you will be happy. You will feel and look younger. Why not make an effort to have the work done by us? The preliminary examination costs you nothing—in money or

obligation. We must see what the condition of the mouth is before we can promise a perfect piece of work. If all your teeth are gone and you must wear a plate, let us make you one of our smooth suction plates, guaranteed never to drop in the mouth.

Painless Extractions positively guaranteed. Remember Dr. Evans is not a new comer in Lima but has been here for years, with over 15 years' experience. Names of some of the most prominent people in the city as references. Graduate of University of Pennsylvania, Philadelphia. Prices very reasonable. Call me up and make an appointment.

A LESSON FOR WEDNESDAY.

It was just forty-one years today, Wednesday, since Widow O'Leary's cow started that little blaze which grew into a big blaze and devoured the city of Chicago. The day of October 10, 1871, everybody who took a daily newspaper or who had a gossiping acquaintance with the neighbor who did, knew just why Chicago was burning. For they knew Chicago to be built too flimsily—a city of wood and kindling and tinder just right for a combination of flame and wind to wipe out of existence.

Chicago was an object lesson. Yet the lesson hasn't been heeded. We have been adding annually to our contribution to the forces of destruction. Our fire tax has constantly risen. We have made larger and larger appropriations for fire departments and our firefighters have developed more and more skill and boldness in their trade. But the costs still climb.

Governor Harmon has asked the people of Ohio to take the lead in staying the course of the flood of fire. He suggests that every citizen make a point on Wednesday, the anniversary of the burning of Chicago, of clearing away inflammable material, destroying if possible, in any case removing it from the danger zone. If gas is used, examine the pipes. If you have a furnace, see that it doesn't come in contact with wood. Take the rubbish from the cellar. Cut down the accumulation in the attic.

Help the cause of fire prevention along by making a fire on your premises as remote a peril as you can. Remember Chicago. Remember the great annual fire waste. Protect yourself and set a good example.—Toledo Blade.

FIGHTING BUT NOT WAR.

The presence of American marines in Nicaragua, where the revolutionists have for months been fighting the government, has led to a battle between the marines and the insurgents, in which the Americans, though victorious, lost four men killed and several wounded, all of whom, it is said, will recover. That is unexpected news, but it need cause no special concern except for the loss of American lives. It does not mean that this country is at war with Nicaragua or any part of the population of that country. It means simply that the marines, under Rear Admiral Southerland, were sent into the country to protect American interests and relieve the starving, some of whom were Americans, and that they have had an encounter with armed forces bent on preventing them from performing their mission. They have done what any body of police would have done to save life and property under its protection.

While the dispatches tell us that the American marines took the rebel stronghold, thus indicating that they were acting aggressively, it is also explained that the strong-

hold taken commanded the railroad and prevented the sending of supplies to the penned up people. There was nothing else for the marines to do unless they abandoned their mission.

We have no cause against any of the Nicaraguans except one of humanity and the succor of Americans whose lives and and property were menaced. If in the prosecution of that cause, Nicaraguans are killed, the fault is theirs. For the sacrifice of American lives in no worthy cause, there must be the keenest regret.

CLEVER PLAYLET

BY LOCAL TALENT

A large and appreciative audience Tuesday evening witnessed the clever playlet, "Pete and Billy," presented by members of the St. John's dramatic club. "Pete" was portrayed by Ray Watt and "Billy" by Max Falk, Jr., both clever amateur actors, while Helen Beck, John Elm and Bertha Falk acquitted themselves nicely in their respective roles.

Others participating were William Dalley, as George Grant, A. Wilker, as George Darrah, the villain, Jordan Walsh as James Reed, William Miller, a policeman, Evelyn Miller as Mrs. Thornton, Caroline Hickman as Helen and Lucille Finck as Nellie.

Violin selections between the second and third acts by Adeline Ley, accompanied by Bertha Falk, were beautifully rendered and enthusiastically applauded.

NO PRAYER MEETING.

On account of the Allen County Sunday School Convention in Lima Thursday and Friday of this week, there will be no prayer meeting in the First Baptist church on Thursday evening. The members of the First Baptist Church will meet with the members of the South Lima Baptist Church in a union service with the latter on Wednesday evening at 7:30 o'clock with Pastor Stiles of the First Church in charge. This is the first meeting under the new working agreement recently entered into by these two churches and undoubtedly will be largely attended.

A LESSON FOR WEDNESDAY.

It was just forty-one years to-
day, Wednesday, since Widow
O'Leary's cow started that little
blaze which grew into a big blaze
and devoured the city of Chicago.
The day of October 10, 1871, every-
body who took a daily newspaper or
who had a gossiping acquaintance
with the neighbor who did, knew
just why Chicago was burning. For
they knew Chicago to be built too
flimsily—a city of wood and kind-
ling and tinder just right for a com-
bination of flame and wind to wipe
out of existence.

Chicago was an object lesson. Yet
the lesson hasn't been heeded. We
have been adding annually to our
contribution to the forces of de-
struction. Our fire tax has con-
stantly risen. We have made larger
and larger appropriations for fire de-
partments and our firefighters have
developed more and more skill and
boldness in their trade. But the
costs still climb.

Governor Harmon has asked the
people of Ohio to take the lead in
staying the course of the flood of
fire. He suggests that every citizen
make a point on Wednesday, the
anniversary of the burning of Chi-
cago, of clearing away inflammable
material, destroying if possible, in
any case removing it from the dan-
ger zone. If gas is used, examine
the pipes. If you have a furnace,
see that it doesn't come in contact
with wood. Take the rubbish from
the cellar. Cut down the accumu-
lation in the attic.

Help the cause of fire prevention
along by making a fire on your
premises as remote a peril as you
can. Remember Chicago. Remem-
ber the great annual fire waste.
Protect yourself and set a good ex-
ample.—Toledo Blade.

FIGHTING BUT NOT WAR.

The presence of American ma-
rines in Nicaragua, where the revo-
lutionists have for months been
fighting the government, has led to
a battle between the marines and
the insurgents, in which the Ameri-
cans, though victorious, lost four
men killed and several wounded,
all of whom, it is said, will recover.
That is unexpected news, but it
need cause no special concern ex-
cept for the loss of American lives.
It does not mean that this country
is at war with Nicaragua or any
part of the population of that coun-
try. It means simply that the ma-
rines, under Rear Admiral South-
land, were sent into the country to
protect American interests and re-
lieve the starving, some of whom
were Americans, and that they have
had an encounter with armed forces
bent on preventing them from per-
forming their mission. They have
done what any body of police would
have done to save life and property
under its protection.

While the dispatches tell us that
the American marines took the
rebel stronghold, thus indicating
that they were acting aggressively,
it is also explained that the strong-

hold taken commanded the railroad
and prevented the sending of sup-
plies to the penned up people.
There was nothing else for the ma-
rines to do unless they abandoned
their mission.

We have no cause against any
of the Nicaraguans except one of hu-
manity and the succor of Americans
whose lives and and property were
menaced. If in the prosecution of
that cause, Nicaraguans are killed,
the fault is theirs. For the sacri-
fice of American lives in no worthy
cause, there must be the keenest
regret.

It was quite an accomplishment

the sting out of a social gossip he
might be of some account to the

Everything considered Mr. Roose-

ably well. He can still call a man

Fifty Years Ago Today.

Oct. 9.

General J. E. B. Stuart ("Jeb")
at the head of 1,800 Confederate
cavalry was galloping across
Maryland toward the Pennsylvania
border. This invasion alarmed
central and western Penn-
sylvania, and local troops were
summoned to repel the raiders
who had forded the Potomac at
night and on their way through
the Federal outposts. By Stu-
art's order the property of the
citizens of Maryland was spared
from confiscation. Stuart's col-
umn included artillery.

ROYAL BAKING POWDER

ABSOLUTELY PURE

Cooking is a matter which concerns the whole family, and under modern methods and conveniences it is made so attractive the whole family is becoming interested, if not taking part in it.

"These biscuits are delicious; this cake is excellent," says the father. "I made them," says the daughter, and both father and daughter beam with pleasure.

It is a crime, with our modern agencies, helps and facilities, to have soggy biscuit, or wooden cake, or leaden pastry.

Royal Baking Powder has made home baking a success, a pleasure and a profit, and the best cooking today the world over is done with its aid.

At the residence of Rev. A. W. Ballinger, Tuesday, at high noon, occurred the marriage of Miss Anna Mary Cupp, of this city, to Lee K. Kohl, a rural mail carrier

of Columbus Grove. After the ceremony the young couple left for Columbus Grove where they will commence housekeeping at once in a prettily furnished home of their own.

SOCIETY

The first meeting of the Women's Bridge club was held at the home of Mrs. M. S. Thompson, on west Market street, Monday afternoon. Substitute in the game were Mrs. F. T. Cuthbert, Mrs. Clem Thompson and Mrs. G. S. Vicary. At the close of an interesting series of rubbers, Mrs. Vicary held the highest guest score, while Mrs. Geo. Carter led the club members with the highest number of points gained. Concluding the afternoon, the guests partook of a well appointed three course luncheon, served buffet. The table decorations were of golden yellow and white with a large cluster of chrysanthemums gracing the center of the festal board. The delectable menu was comprised of:

Fried Chicken Jelly
Mayonnais Dressing Coffee
Hot Biscuits Cake
Ice Cream Coffee

Mrs. M. Meyers entertained the members of the Koneta Embroidery Circle at their first meeting, Tuesday afternoon at her home at 736 Brice avenue, in a charming manner. All except one member of the genial circle were present, and Mrs. J. S. Leatherman, of Marion, Ind., enjoyed the afternoon as a guest of the club. Pleasant greetings and social chatting with needles busy in the meanwhile, made the time pass quickly and at the close of the afternoon, the hostess served a dainty luncheon of ice cream, cake and coffee.

The Bay View Literary Circle commenced its club season this year with a record meeting which was held at the home of Mrs. C. W. Heister at 610 west Spring street, Monday afternoon. Every member of the club was present, and the program and genial hospitality of the hostess were sources of great enjoyment to all.

Mrs. Julia Simpson rendered the first number on the program which was an original paper on the subject of Greek Drama. In this epistle, Mrs. Simpson covered very effectively the Greek drama from its

beginning about 490 B. C. until the earliest period of Roman drama about the year 500 B. C. Mrs. Lewis Fall, then took up the subject of Roman Drama in an excellent paper, in which she described vividly the Roman drama from 500 B. C. until the downfall of Rome. She told at length, of the lives of two of the greatest dramatists of that period, Terence and Plautus, and in comparing the Greek and Roman dramas, she brought forth the vulgarity and degeneracy of the Romans in contrast with the refinement and art of the Greeks.

At the close of the engrossing program, the members indulged in an unusually pleasant social hour, and the hostess served dainty refreshments of ice cream, cake and coffee.

Mrs. Henry Hilty and little son, Joe, of Bluffton, are guests of Mrs. Hilty's parents, Mr. and Mrs. J. C. Wilson, of 222 north Pierce street, this week.

At four o'clock Tuesday afternoon, Thurman Allen Pugh, a farmer of Ada, and Miss Ella May Sawmiller, were united in the holy bonds of matrimony, Justice Harley Holmes, officiating.

Mrs. N. R. Swan has returned from Findlay where she spent a few days with her niece, Mrs. Vance, J. Parker.

The ladies of Mrs. Creps Bible class will meet Wednesday evening with Mrs. Bert Valentine, of Scott street.

Good Old Times
There is a lot of talk about "the good old times." There weren't any "good old times," if you were talking about wash day or house cleaning. Those tasks meant red hands and headaches and backaches and trouble. Easy Task laundry soap would have made them "good" old times, indeed. It does half the work in washing and cleaning; it drives the dirt out and not in; it doesn't shrink flannels or streak linens, and it hasn't any rosin in it to rot the fabrics. If your grocer isn't living in the good old times he sells it—lots of it.

TRAINING

"FROM THE NECK UP" SUBJECT OF A VERY INTERESTING LECTURE.

Seventy-five young men, largely under the age of twenty, heard Dr. P. I. Tussing, of this city, tell of the value of "Training From the Neck Up," in the opening of the city Y. M. C. A. night school, Tuesday evening. An equal number, enrolled in the winter educational department of the Association, were impressed with the importance of a practical education.

Tuesday evening marked the opening of the night school. While there were no classes held last evening, teachers present, notably B. A. Gramm, of the Gramm-Bernstein company and president of the Y. M. C. A., Warren J. McLaughlin, chairman of the Y. M. C. A. educational committee, James J. Flood, of the Lima Locomotive Corporation, and F. E. Kilgore, principal of the Washington ward school, gave brief addresses and outlined the plans and policies of the winter school.

Night classes began Tuesday evening, business English, shop mathematics and arithmetic being the ones scheduled.

LYRIC THEATRE

Starting tomorrow afternoon, Thursday, at 2:30 the Barrett Players will offer one of the strongest plays they have presented in Lima a play that will please all who witness it, "The Path of Duty." Curtain at 8:15. Tonight "At Cozy Corners."

Editor Lima Daily News:
In your issue of Tuesday you report Joseph Waller, of Van Wert, and Mrs. Catharine Austin, of Lima, as having been married by me. This is a mistake which evidently arose from the fact that in the application for license my name appeared. I did not marry this couple. I trust you will oblige me by publishing this correction.

Three Good Pals

Breakfast time should be the "curtain raiser" of a happy day. But the day can't be a happy one with ill health. Coffee is often a disturbing factor. Instant Postum

which is absolutely free from any drug.

This new food-drink makes "good company" at breakfast or any other meal. Manufactured from choice Northern wheat and the juice of pure Southern sugar cane, it is prepared at table instantly by stirring a level teaspoonful, direct from the tin, in a cup of hot water and adding cream and sugar to taste. ROYAL BAKING POWDER ABSOLUTELY PURE

Cooking is a matter which concerns the whole family, and under modern methods and conveniences it is made so attractive the whole family is becoming interested, if not taking part in it.

"These biscuits are delicious; this cake is excellent," says the father. "I made them," says the daughter, and both father and daughter beam with pleasure.

It is a crime, with our modern agencies, helps and facilities, to have soggy biscuit, or wooden cake, or leaden pastry.

Royal Baking Powder has made home baking a success, a pleasure and a profit, and the best cooking today the world over is done with its aid.

At the residence of Rev. A. W. Ballinger, Tuesday, at high noon, occurred the marriage of Miss Anna Mary Cupp, of this city, to Lee K. Kohl, a rural mail carrier

of Columbus Grove. After the ceremony the young couple left for Columbus Grove where they will commence housekeeping at once in a prettily furnished home of their own.

SOCIETY

The first meeting of the Women's Bridge club was held at the home of Mrs. M. S. Thompson, on west Market street, Monday afternoon. Substitute in the game were Mrs. F. T. Cuthbert, Mrs. Clem Thompson and Mrs. G. S. Vicary. At the close of an interesting series of rubbers, Mrs. Vicary held the highest guest score, while Mrs. Geo. Carter led the club members with the highest number of points gained. Concluding the afternoon, the guests partook of a well appointed three course luncheon, served buffet. The table decorations were of golden yellow and white with a large cluster of chrysanthemums gracing the center of the festal board. The delectable menu was comprised of:

Fried Chicken
Mayonnaises Dressing
Hot Biscuits
Ice Cream
Coffee
Cake

Mrs. M. Meyers entertained the members of the Koneta Embroidery Circle at their first meeting, Tuesday afternoon at her home at 736 Brice avenue, in a charming manner. All except one member of the genial circle were present, and Mrs. J. S. Leatherman, of Marion, Ind., enjoyed the afternoon as a guest of the club. Pleasant greetings and social chatting with needles busy in the meanwhile, made the time pass quickly and at the close of the afternoon, the hostess served a dainty luncheon of ice cream, cake and coffee.

The Bay View Literary Circle commenced its club season this year with a record meeting which was held at the home of Mrs. C. W. Heister at 610 west Spring street, Monday afternoon. Every member of the club was present, and the program and genial hospitality of the hostess were sources of great enjoyment to all.

Mrs. Julia Simpson rendered the first number on the program which was an original paper on the subject of Greek Drama. In this epistle, Mrs. Simpson covered very effectively the Greek drama from its

beginning about 490 B. C. until the earliest period of Roman drama about the year 500 B. C. Mrs. Lewis Fall, then took up the subject of Roman Drama in an excellent paper, in which she described vividly the Roman drama from 500 B. C. until the downfall of Rome. She told at length, of the lives of two of the greatest dramatists of that period, Terence and Plautus, and in comparing the Greek and Roman dramas, she brought forth the vulgarity and degeneracy of the Romans in contrast with the refinement and art of the Greeks.

At the close of the engrossing program, the members indulged in an unusually pleasant social hour, and the hostess served dainty refreshments of ice cream, cake and coffee.

Mrs. Henry Hilty and little son, Joe, of Bluffton, are guests of Mrs. Hilty's parents, Mr. and Mrs. J. C. Wilson, of 222 north Pierce street, this week.

At four o'clock Tuesday afternoon, Thurman Allen Pugh, a farmer of Ada, and Miss Ella May Sawmiller, were united in the holy bonds of matrimony, Justice Harley Holmes, officiating.

Mrs. N. R. Swan has returned from Findlay where she spent a few days with her niece, Mrs. Vance, J. Parker.

The ladies of Mrs. Creps Bible class will meet Wednesday evening with Mrs. Bert Valentine, of Scott street.

Good Old Times
There is a lot of talk about "the good old times." There weren't any "good old times," if you were talking about wash day or house cleaning. Those tasks meant red hands and headaches and backaches and trouble. Easy Task laundry soap would have made them "good" old times, indeed. It does half the work in washing and cleaning; it drives the dirt out and not in; it doesn't shrink flannels or streak linens, and it hasn't any rosin in it to rot the fabrics. If your grocer isn't living in the good old times he sells it—lots of it.

TRAINING

"FROM THE NECK UP" SUBJECT OF A VERY INTERESTING LECTURE.

Seventy-five young men, largely under the age of twenty, heard Dr. P. I. Tussing, of this city, tell of the value of "Training From the Neck Up," in the opening of the city Y. M. C. A. night school, Tuesday evening. An equal number, enrolled in the winter educational department of the Association, were impressed with the importance of a practical education.

Tuesday evening marked the opening of the night school. While there were no classes held last evening, teachers present, notably B. A. Gramm, of the Gramm-Bernstein company and president of the Y. M. C. A., Warren J. McLaughlin, chairman of the Y. M. C. A. educational committee, James J. Flood, of the Lima Locomotive Corporation, and F. E. Kilgore, principal of the Washington ward school, gave brief addresses and outlined the plans and policies of the winter school.

Night classes began Tuesday evening, business English, shop mathematics and arithmetic being the ones scheduled.

LYRIC THEATRE
Tonight is the last production by the Barrett Players at the Lyric theatre of Adeinde Thurston's delightful pastoral comedy drama, "At Cozy Corners," a play filled with interesting moments, yet having enough comedy to keep everyone in splendid laughing mood. Curtain at 8:15. Tonight "At Cozy Corners."

TO THE EDITOR

Editor Lima Daily News:
In your issue of Tuesday you report Joseph Waller, of Van Wert, and Mrs. Catharine Austin, of Lima, as having been married by me. This is a mistake which evidently arose from the fact that in the application for license my name appeared. I did not marry this couple. I trust you will oblige me by publishing this correction.

The study for the new year will be from the Bayview Course on Africa.

No regular program was planned or given at the first meeting, but a short business session and a very pleasant social time occupied the afternoon. Twelve members enjoyed the pleasures and partook

of the dainty refreshments of ice cream, cake and coffee, served by the hostess at the conclusion of the meeting.

The officers for the new season are: Mrs. Quail, president; Mrs. Henry Reel, secretary; Mrs. Robert Plate, critic and Mrs. J. E. Sullivan, treasurer.

Mrs. W. N. Gilles, of 743 west Spring street, was the hostess to the Clonians, Monday afternoon. A fairly good attendance of members and a very interesting program characterized this second meeting of the club. The following numbers comprised the program:

ATTORNEY GENERAL
Holds That All Bank Deposits Are Subject To Taxation
All bank deposits in Ohio are to be considered as money, not credits, according to Attorney General Hogan. The ruling has been conveyed county officials and building association people. He has made it modification of an opinion given a few weeks ago in which he held that accounts in savings banks exclusive of the Cleveland Society for Savings, which is in a class by itself, are credits when viewed for purposes of taxation. The attorney general does not distinguish between the Cleveland Society for Savings and other savings banks of the state. All deposits, savings and otherwise, are to be considered as money.

CHICAGO—Nearly 4,000 women over the country are aiding in distributing the 3,000,000 souvenir badges for Founder's day which will be celebrated by the Progressive party on Oct. 26.

AUTO DEAL REPORTED.
Springfield, O., Oct. 2.—E. S. Kelly, president of the Kelly Auto Truck Company, has gone to New York City to close the sale of the business to a syndicate with a capital of \$4,000,000, according to reports here. It is said that Emerson M. Millan, who formed the syndicate to buy out Kelly's rubber tire business some years ago is engineering this deal.

Valeska Suratt's Answers to Correspondents
WEAR no "rats," puffs or swatches. I don't have to. My hair never falls out. Rarely do I find loose, dead hair on my comb even after vigorous combing. Use this formula and you will solve your hair problem—hair falling, dandruff and poor, sick hair. The hair will grow wonderfully.
With a half-pint of water mix half a pint of alcohol. To this add one ounce of beta-quinol. Shake thoroughly, and it will then be ready to use. If you prefer, you can use imported bay rum instead of the water and alcohol.
The beta-quinol you can get at almost any drug store for not more than fifty cents. This formula makes one full pint of the best hair grower, and it costs you much less than a dollar.
This formula should be applied very freely after brushing the scalp generously for a few minutes all over. Rub the tonic thoroughly into the scalp with the finger tips.
EDITH M.—For red hands and arms use the following formula: I use this same formula constantly as a complexion beautifier. It will make the arms and hands beautiful—as white as marble—and will give the face a marvelous pinky white tint, and remove every freckle and red spot.
In a half-pint of hot water add two tablespoonfuls of glycerine. Keep stirring, while adding one ounce of zincate, until it is all dissolved. Then let it cool. If the cream is too thick to pour easily from a bottle, thin it down a little with more hot water. The cream will be white and satiny. Any good druggist will sell you an ounce of zincate for not more than fifty cents.

DOROTHY P.—The blackhead remover I am glad you find so effective. Here is the pimpe formula you requested:
I dissolved twelve ounces of granulated sugar in one-half pint of water, added one ounce of arsenic, and mixed the whole together thoroughly, then added more water to make a pint. Arsenic is a liquid which you can get at the drug store by the ounce. Got it in the original package. I took one or two teaspoonfuls of this mixture three or four times a day, with a little water.

ORDERING—For pimples on the shoulders use the formula given here to Dorothy P. Electricity is useless for bust development, as are also vacuum cups. You can regain development and have a bust like a young girl.
In a half-pint of hot water, dissolve two ounces of ruetone and half a cup of sugar, all well mixed together. Of this, take two teaspoonfuls three or four times a day in a wine-glass of water, after your meals. Avoid instruments or appliances of any kind. Also, you will very materially help along the development by massaging the bust with the ruetone cream mentioned below. The ruetone will cost you one dollar, at any drug store.

MISS EMILY—You can get rid of those crow's feet and wrinkles about the mouth and make yourself look years younger.
Pour one-half pint of hot water, not boiling, in a large bowl. Place this bowl in a pan of water or slow fire. Then add two ounces of opol and continue stirring until all is dissolved. At first it will look like jelly, then it will start to cream. When it does this, remove from the fire, add slowly two tablespoonfuls of glycerine, and stir constantly until cold. Keep in airtight jar. The opol may be obtained at any good drug store and should not cost you more than fifty cents.

Rub in well with a slapping motion of the hand until the cream disappears. This cream will not grow hair. I use this in the morning and in the evening.

CAMPAIGN IS COMING ALONG

MEMBERS OF BUSINESS WOMEN'S CLUB ARE GREATLY ELATED

The campaign conducted by the Business Women's Club and interested co-workers, for the purpose of raising the sum of fifty thousand dollars for building a Girls' gymnasium and dormitory, is on in real earnest now and excellent results are being obtained. Twenty-five chairmen, each supported by a company of twenty workers are canvassing the city thoroughly in the endeavor to reach every man and woman in Lima and solicit their aid in raising the needed money for enlarging the club house which forms the only home in this city which over three thousand self-supporting girls know.

The active campaign opened Monday, October seventh, and within two days' time the captains reported a sum of \$3,050 collected.
An indicator on the public square for the purpose of recording progress, showed \$3,060 in round numbers, Tuesday evening. A large pennant lettered with "Boost the Business Women's Club" hung across Main street near High, attracted passers' attention to the whirlwind campaign which was being conducted Tuesday.
Every citizen of Lima is earnestly urged to aid in this noble work of constructing a better home for self-supporting girls by contributing to the sum needed for the building.

PASS FORGED CHECK ON LOCAL COMPANY

Webb Company for \$32.70 and was tendered the Jones Hardware company and cashed there. It was not until banking hours Wednesday morning that the forgery was discovered.
The company has a slight clue to the check-worker and it is believed this clue will lead to the arrest in a short time of the guilty party.

An officer spied him and caused his arrest. Lantz said he was only testing the auto and was ignorant of the fact that he was "scorching." Mayor Shook let him off with \$1.00 and costs.

Beauty Doctor Tells Secret

Detroit Beauty Doctor Gives Simple Recipe to Darken Gray Hair and Promote Its Growth.

Miss Alice Whitney, a well-known beauty doctor of Detroit, Mich., recently gave out the following statement: "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, promote its growth and make it soft and glossy. To half pint of water, add 1 oz. of bay rum, a small box of Barbo Compound, and 1/4 oz. glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look twenty years younger. It is also fine to promote the growth of the hair, relieve itching and scalp diseases, and is excellent for dandruff and falling hair."

OHIO CITIZEN NOW ACCUSED OF BIGAMY

(By United Press)
Ashland, O., Oct. 2.—Coleman Leach is a prisoner here today, charged with non-support of his ten year old son. He faces prosecution for bigamy.

Leach was arrested in Cleveland where he was living under the name of Bert Harpster, with a young woman who claims he married her in Chicago. His arrest was brought about by a newspaper story, in which Leach's Ashland wife told how he had parted from her for a while, so that he could recover from his infatuation with an Illinois woman. A sister of the Alliance woman saw the story, sent it to her sister and the result was that Mrs. Harpster met Mrs. Leach, they compared notes and Leach alias Harpster, was arrested.

The members of the Lima Aerle Fraternal Order of Eagles, enjoyed a splendid fish fry and social session at their club rooms on south Main street Tuesday evening. FORMER LIMA CITIZEN MURDERED IN INDIANA

The funeral will be held from the home of the brother on Thursday.

Robert Croft was at one time engaged in the stone business in this city and he was a highly respected citizen. Details of the fatal stabbing through which his life was forfeited have not yet been obtainable here.

BUNK HOUSE ABLAZE.
Sparks thrown by a passing south bound D. T. & I. locomotive set fire to and destroyed an old bunk house owned by George Butler, located just west of the D. T. I. tracks and south of the Pennsylvania tracks at 11 o'clock, Tuesday night. The central department made a long run to the scene of the blaze, but the house which was formerly the body of an old street car, burned rapidly.

He has made it modification of an opinion given a few weeks ago in which he held that accounts in savings banks exclusive of the Cleveland Society for Savings, which is in a class by itself, are credits when viewed for purposes of taxation. The attorney general does not distinguish between the Cleveland Society for Savings and other savings banks of the state. All deposits, savings and otherwise, are to be considered as money.

Kelly, president of the Kelly Auto Truck Company, has gone to New York City to close the sale of the business to a syndicate with a capital of \$4,000,000, according to reports here. It is said that Emerson M. Millan, who formed the syndicate to buy out Kelly's rubber tire business some years ago is engineering this deal.

Valeska Suratt's Answers to Correspondents
WEAR no "rats," puffs or switchers. I don't have to. My hair never falls out. Rarely do I find loose, dead hair on my comb even after vigorous combing. Use this formula and you will solve your hair problem—hair falling, dandruff and poor, sick hair. The hair will grow wonderfully.
With a half-pint of water mix half a pint of alcohol. To this add one ounce of beta-quinol. Shake thoroughly, and it will then be ready to use. If you prefer, you can use imported bay rum instead of the water and alcohol.
The beta-quinol you can get at almost any drug store for not more than fifty cents. This formula makes one full pint of the best hair grower, and it costs you much less than a dollar.

This formula should be applied very freely after brushing the scalp generously for a few minutes all over. Rub the tonic thoroughly into the scalp with the finger tips.
EDITH M.—For red hands and arms use the following formula: I use this same formula constantly as a complexion beautifier. It will make the arms and hands beautiful—as white as marble—and will give the face a marvelous pinky white tint, and remove every freckle and red spot.

In a half-pint of hot water add two tablespoonfuls of glycerine. Keep stirring, while adding one ounce of zincate, until it is all dissolved. Then let it cool. If the cream is too thick to pour easily from a bottle, thin it down a little with more hot water. The cream will be white and satiny. Any good druggist will sell you an ounce of zincate for not more than fifty cents.

DOROTHY P.—The blackhead remover I am glad you find so effective. Here is the pimpe formula you requested:

I dissolved twelve ounces of granulated sugar in one-half pint of water, added one ounce of arsenic, and mixed the whole together thoroughly, then added more water to make a pint. Arsenic is a liquid which you can get at the drug store by the ounce. Got it in the original package. I took one or two teaspoonfuls of this mixture three or four times a day, with a little water.

ORDERING—For pimples on the shoulders use the formula given here to Dorothy P. Electricity is useless for bust development, as are also vacuum cups. You can regain development and have a bust like a young girl.

In a half-pint of hot water, dissolve two ounces of ruelone and half a cup of sugar, all well mixed together. Of this, take two teaspoonfuls three or four times a day in a wine-glass of water, after your meals. Avoid instruments or appliances of any kind. Also, you will very materially help along the development by massaging the bust with the eptol cream mentioned below. The ruelone will cost you one dollar, at any drug store.

MISS EMILY—You can get rid of those crow's feet and wrinkles about the mouth and make yourself look years younger.

Four one-half pint of hot water, not boiling, in a large bowl. Place this bowl in a pan of water or slow fire. Then add two ounces of eptol and continue stirring until all is dissolved. At first it will look like jelly, then it will start to cream. When it does this, remove from the fire, add slowly two tablespoonfuls of glycerine, and stir constantly until cold. Keep in airtight jar. The eptol may be obtained at any good drug store and should not cost you more than fifty cents.

Rub in well with a slapping motion of the hand until the cream disappears. This cream will not grow hair. I use this in the morning and in the evening.

CAMPAIGN IS COMING ALONG

MEMBERS OF BUSINESS WOMEN'S CLUB ARE GREATLY ELATED

The campaign conducted by the Business Women's Club and interested co-workers, for the purpose of raising the sum of fifty thousand dollars for building a Girls' gymnasium and dormitory, is on in real earnest now and excellent results are being obtained. Twenty-five chairmen, each supported by a company of twenty workers are canvassing the city thoroughly in the endeavor to reach every man and woman in Lima and solicit their aid in raising the needed money for enlarging the club house which forms the only home in this city which over three thousand self-supporting girls know.

The active campaign opened Monday, October seventh, and within two days' time the captains reported a sum of \$3,050 collected.

An indicator on the public square for the purpose of recording progress, showed \$3,060 in round numbers, Tuesday evening. A large pennant lettered with "Boost the Business Women's Club" hung across Main street near High, attracted passers' attention to the whirlwind campaign which was being conducted Tuesday.

Every citizen of Lima is earnestly urged to aid in this noble work of constructing a better home for self-supporting girls by contributing to the sum needed for the building.

POWELL NOTES
Another motley crew of defendants greeted Mayor Shook in a busy police court session, Wednesday morning. Notable among the array were Mrs. Ella Evans-Rice and Frank Berry, 59, a laborer, a pair arrested at 200 east Market street at 1:50 o'clock Wednesday morning on a statutory charge. Officers Grant and Stewart made the raid upon the apartments of Mrs. Rice. Berry upon arraignment, pleaded guilty and drew a fine of \$10.00 and costs. Mrs. Rice protested her innocence and will have a hearing.

A quartet of drunks were first-timers in police parlance. Joe Kennedy, Alger, Joe Benson, John Nolan, Chicago, and Harry Davis, each got \$1.00 and costs for Tuesday night storage.

Harvey Slater, saloonist at Wayne street and Central avenue, was arraigned upon a charge of Sunday selling. Plainclothesmen visited his place Sunday evening. Despite his plea of not guilty the saloonist was convicted. Sentence was deferred. He was represented by Attorney John Klatte who threatens to appeal the finding.

PASS FORGED CHECK ON LOCAL COMPANY

A forged check tendered the Jones Hardware Company turned up at the First National Bank Wednesday morning, and officials are now working on the case. The check was drawn on the Elmer D. Webb Company for \$32.70 and was tendered the Jones Hardware company and cashed there. It was not until banking hours Wednesday morning that the forgery was discovered.

The company has a slight clue to the check-worker and it is believed this clue will lead to the arrest in a short time of the guilty party.

SPRINGFIELD, ILL.—Blank pledges printed on the backs of postal cards were distributed today by Democratic women who have charge of a booth at the state fair.

Testing out a machine which had been recently repaired, "Nig" Lantz, an employee of the Curtis barns on east Market street, notched the car to high speed on east Elm street Tuesday afternoon. An officer spied him and caused his arrest. Lantz said he was only testing the auto and was ignorant of the fact that he was "scorching." Mayor Shook let him off with \$1.00 and costs.

Beauty Doctor Tells Secret

Detroit Beauty Doctor Gives Simple Recipe to Darken Gray Hair and Promote Its Growth.

Miss Alice Whitney, a well-known beauty doctor of Detroit, Mich., recently gave out the following statement: "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, promote its growth and make it soft and glossy. To half pint of water, add 1 oz. of bay rum, a small box of Barbo Compound, and 1/4 oz. glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look twenty years younger. It is also fine to promote the growth of the hair, relieve itching and scalp diseases, and is excellent for dandruff and falling hair."

OHIO CITIZEN NOW ACCUSED OF BIGAMY

(By United Press)
Ashland, O., Oct. 2.—Coleman Leach is a prisoner here today, charged with non-support of his ten year old son. He faces prosecution for bigamy.

Leach was arrested in Cleveland where he was living under the name of Bert Harpster, with a young woman who claims he married her in Chicago. His arrest was brought about by a newspaper story, in which Leach's Ashland wife told how he had parted from her for a while, so that he could recover from his infatuation with an Illinois woman. A sister of the Alliance woman saw the story, sent it to her sister and the result was that Mrs. Harpster met Mrs. Leach, they compared notes and Leach alias Harpster, was arrested.

The members of the Lima Aerle Fraternal Order of Eagles, enjoyed a splendid fish fry and social session at their club rooms on south Main street Tuesday evening. During the evening a number of new applications for membership in the order were received and some lively and progressive sessions of the local lodge are promised for the winter season.

FORMER LIMA CITIZEN MURDERED IN INDIANA

Information was received in Lima Wednesday announcing the death of Robert Croft, a well known former Lima citizen who lost his life as a result of being stabbed by some one unknown, the tragedy occurring near his home at Winchester, Indiana, last Saturday evening.

Have Color in Your Cheeks—Be Better Looking—Try Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. These Olive Tablets oil the bowels yet leave no oily taste. They are a vegetable compound mixed with olive oil. If you want a clear pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effect. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. "Every little Olive Tablet has a movement all its own." Take one or two nightly and note the pleasing results. The Olive Tablet Company, Columbus, O.

The remains of the murdered man were brought through this city Wednesday afternoon and were taken to the home of the deceased's brother, William Croft, near the Allen county and Hardin county line, between the villages of Lafayette and Ada. The funeral will be held from the home of the brother on Thursday.

Robert Croft was at one time engaged in the stone business in this city and he was a highly respected citizen. Details of the fatal stabbing through which his life was forfeited have not yet been obtainable here.

BUNK HOUSE ABLAZE

Sparks thrown by a passing south bound D. T. & I. locomotive set fire to and destroyed an old bunk house owned by George Butler, located just west of the D. T. I. tracks and south of the Pennsylvania tracks at 11 o'clock, Tuesday night. The central department made a long run to the scene of the blaze, but the house which was formerly the body of an old street car, burned rapidly.

AUTO MYSTERY IS BEING CLEARED UP

In the arrest of Phil Harrison, a local man, Wednesday morning, police believe they have struck a clue that will lead to the clearing up of the Saturday night automobile mystery when a machine belonging to Darrel F. Phillips was stolen from in front of the Bourk cigar store and found Sunday morning near the college grounds in a demolished condition.

Phillips is charged with the theft of a coat which was in the machine. According to police, the coat was found in his possession.

MARKET INCLINES TO IREGULAR

(By United Press) New York, Oct. 9.—The stock market opened irregular and continued weak up to 11 o'clock. Government's went unchanged; other bonds irregular. A steadier tone developed at noon but showed no special strength up to closing. The close was irregular. The produce exchange will be closed Saturday, October 12, Columbus Day. Wheeling and Lake Erie first preferred sold at an advance of 200 per cent over its low price of the year. It is now higher than it has been since 1907. There have been rumors the last few days of an immediate reorganization of the property which will not impose nearly such heavy burdens in the way of assessment as originally planned. Some Wall street people are positive there will be none. A number of houses have become bearish on Beet Sugar on the belief that the holdings of the bull pool have been liquidated. They said it is good for five points on the short side, since Directors refused to increase the dividend.

TASTE, SMELL AND HEARING RESTORED

A SIMPLE, HARMLESS REMEDY QUICKLY RELIEVES CATARRHAL DEAFNESS.

The thousands who suffer the miseries of colds and catarrh and claim they have never found a cure can get instant relief by simply anointing the nostrils with Ely's Cream Balm.

Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic Balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose head and throat, and brings back the sense of taste, smell and improves the hearing. More than this, it strengthens the weakened and diseased tissues, thus protecting you against a return of the trouble. This remedy will cure a cold in a day, and prevent its becoming chronic or resulting in catarrh.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached by mixtures taken into the stomach, nor can it be cured by snuffs and powders which only cause additional irritation. Don't waste time on them. Get a 50-cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner. Mothers should give the children Ely's Cream Balm for colds and croup; it is perfectly harmless, and pleasant to take.

WHEAT MAKES A POWERFUL GAIN

DURING MORNING SELLING IN-

CREASE OF ALMOST A CENT IS NOTED.

Chicago, Oct. 9.—Wheat made a tremendous gain from the start Wednesday, Dec. got away 3-8 up and May was up 1-8 and at noon Dec. had jumped up 7-8 and May followed with a like raise. Corn started an eighth up for both crops and was up another eighth at noon. Oats started unchanged but gained an eighth on both crops at noon. Provisions held steady throughout the day. The general close showed: Wheat—May 97 1-2; Oct. 94 3-8; Dec. 93 1-4. Corn—May 53; July 53 1-4; Dec. 53 7-8. Oats—May 35; July 35; Dec. 32 2-9. Pork—Jan. \$19.82; May \$19.27; Oct. \$17.20.

(By Wagner Wire.)

Report is due at 1:15 p. m. today Chicago time. About 710 million wheat; 2,920 corn and 1,300 million oats appears to be expected. If figures are above those totals they will be bearish. All grains continue firm at the levels which arrived one month ago. Active war is reported in Bulgaria. Small western hog run offsets effect of coming cheap corn for the present. Packers now wonder if winter hog price will decrease in full 15 per cent. Conditions favor further dip buying of products. Part of northwest and central west been wet during past 24 hours. Exports of wheat from North America are largest since 1908 and have not been accompanied—short sales. Absence of export news means nothing at all. If the report forces a dip cover all short commitments, I believe all grains are on a debatable ground as supplies at terminals are too light.

CHANGES PLEA TO THE CHARGE IN INDICTMENT

Bernard Gaffney, indicted on charges of robbery and pocket picking and who was one of the several prisoners who were arraigned before Judge Klingler in the common pleas court room Tuesday, has withdrawn his plea of not guilty which he entered when arraigned. Wednesday morning Gaffney requested that he be taken again before the court, as he wished to change his plea. He was ushered into the court room and he entered a plea of guilty to the indictment. The court sentenced him to an indeterminate term in the Mansfield reformatory.

Gaffney was charged with having stolen a pocketbook from Samuel J. Hoover. Attorneys Zurnehly and Hall had been appointed by the court to defend the prisoner.

Of the thirteen prisoners who were arraigned before Judge Klingler Tuesday eight have now pleaded guilty to the indictments returned against them by the grand jury in its recent session and five remain to be tried on the charges standing against them.

There are also a number of persons against whom indictments were returned by the grand jury at its last session who have not yet been arraigned, among them being H. Earl Shuler, charged with assault with criminal intent; George Rosstana, cutting with intent to wound, maim and kill; James Bill, selling drink to a minor; Charles Predmore, larceny; Ella Harris, conducting a house of ill fame; and Alva Klingler, charged with forgery.

AFTER PEACH THIEVES

An organized band of juvenile peach purloiners consisting largely of newsboys, came to grief Tuesday evening when Probation Officer Thomas Phalen caught them in the act of pilfering the fruit from a basket in front of the Thomas grocery, north Main street. The newsies conceived a unique idea in the larceny. Whooping like Comanche Indians they dashed past the store several times, each time snatching a handful of luscious fruit. Phalen detected them, and grabbing one of the lads and subjected him to a severe lecture.

HAD LEG BROKEN

RESTORE GRAY HAIR TO NATURAL COLOR

BY COMMON GARDEN SAGE, A SIMPLE REMEDY FOR DANDRUFF, FALLING, FADED, GRAY HAIR.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome, and by asking almost any first-class druggist for Wyeth's Sage and Sulphur Hair Remedy the public get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

Get a bottle from your druggist today. Use it and see for yourself how quickly dandruff goes and gray hairs vanish.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

CONFIDENCE IS A GREAT FACTOR

Rules the World--Is Key Note to Success In Any Business.

All business transacted is founded upon confidence. Large undertakings, important ventures, big transactions, all are entered into based upon confidence. Confidence of man in his fellows. Merchants carry thousand of dollars worth of stock, obtained from the manufacturer through confidence, and sold to the customer on confidence—confidence in the public that when the bill falls due it will be paid.

Confidence! What a world of meaning the simple word contains! It spells success or failure. It is the most potent factor in the social as well as business world today. As an illustration of what confidence sometimes means may be mentioned the United Doctors' medical institutes which are established throughout the country. These specialists have won the confidence of the afflicted to a remarkable degree. When they first came to Lima and announced over a week ago their intention to establish a permanent institute here many people doubted their sayings and claims. They made some very broad assertions, and they were practically unknown here. This is not strictly true however as news of the many wonderful cures performed by them had preceded their coming with the result that scores of men and women eagerly awaited the opening of the Lima offices, which are established in the Cincinnati block, over Ellerman's Clothing company, and declared their intention of consulting those specialists.

Not all of their many cures are accepted for treatment—some being incurable, and it is an iron-clad rule with these experts to not treat any hopeless cases under any pretext. This has helped to win the confidence of the afflicted. The United Doctors also have the confidence of all their creditors, due to their honesty in business. At their permanent Lima institute the United Doctors want the worst cases of chronic sickness to come to them, at once, so that they can show the people here, as they have done elsewhere, where they have older institutes established, what they can do for afflicted people with this wonderful new system of medicine.

The office hours are from 9 to 12; from 1:30 to 5 evenings on Mondays, Wednesdays and Saturdays from 7 to 8 and on Sunday mornings from 10 to 12 o'clock. The limited offer of free consultation at cost of treatment is open to all who want to come to them.

MARKET INCLINES TO IREGULAR

(By United Press) New York, Oct. 9.—The stock market opened irregular and continued weak up to 11 o'clock. Government's went unchanged; other bonds irregular. A steadier tone developed at noon but showed no special strength up to closing. The close was irregular. The produce exchange will be closed Saturday, October 12, Columbus Day. Wheeling and Lake Erie first preferred sold at an advance of 200 per cent over its low price of the year. It is now higher than it has been since 1907. There have been rumors the last few days of an immediate reorganization of the property which will not impose nearly such heavy burdens in the way of assessment as originally planned. Some Wall street people are positive there will be none. A number of houses have become bearish on Beet Sugar on the belief that the holdings of the bull pool have been liquidated. They said it is good for five points on the short side, since Directors refused to increase the dividend.

TASTE, SMELL AND HEARING RESTORED

A SIMPLE, HARMLESS REMEDY QUICKLY RELIEVES CATARRHAL DEAFNESS.

The thousands who suffer the miseries of colds and catarrh and claim they have never found a cure can get instant relief by simply anointing the nostrils with Ely's Cream Balm.

Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic Balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose head and throat, and brings back the sense of taste, smell and improves the hearing. More than this, it strengthens the weakened and diseased tissues, thus protecting you against a return of the trouble. This remedy will cure a cold in a day, and prevent its becoming chronic or resulting in catarrh.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached by mixtures taken into the stomach, nor can it be cured by snuffs and powders which only cause additional irritation. Don't waste time on them. Get a 50-cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner. Mothers should give the children Ely's Cream Balm for colds and croup; it is perfectly harmless, and pleasant to take.

WHEAT MAKES A POWERFUL GAIN

DURING MORNING SELLING IN-

CREASE OF ALMOST A CENT IS NOTED.

Chicago, Oct. 9.—Wheat made a tremendous gain from the start Wednesday, Dec. got away 3-8 up and May was up 1-8 and at noon Dec. had jumped up 7-8 and May followed with a like raise. Corn started an eighth up for both crops and was up another eighth at noon. Oats started unchanged but gained an eighth on both crops at noon. Provisions held steady throughout the day. The general close showed: Wheat—May 97 1-2; Oct. 94 3-8; Dec. 93 1-4. Corn—May 53; July 53 1-4; Dec. 53 7-8. Oats—May 35; July 35; Dec. 32 2-9. Pork—Jan. \$19.82; May \$19.27; Oct. \$17.20.

(By Wagner Wire.)

Report is due at 1:15 p. m. to-day Chicago time. About 710 million wheat; 2,920 corn and 1,300 million oats appears to be expected. If figures are above those totals they will be bearish. All grains continue firm at the levels which arrived one month ago. Active war is reported in Bulgaria. Small western hog run offsets effect of coming cheap corn for the present. Packers now wonder if winter hog price will decrease in full 15 per cent. Conditions favor further dip buying of products. Part of north-west and central west been wet during past 24 hours. Exports of wheat from North America are largest since 1908 and have not been accompanied—short sales. Absence of export news means nothing at all. If the report forces a dip cover all short commitments, I believe all grains are on a debatable ground as supplies at terminals are too light.

CHANGES PLEA TO THE CHARGE IN INDICTMENT

Bernard Gaffney, indicted on charges of robbery and pocket picking and who was one of the several prisoners who were arraigned before Judge Klingler in the common pleas court room Tuesday, has withdrawn his plea of not guilty which he entered when arraigned. Wednesday morning Gaffney requested that he be taken again before the court, as he wished to change his plea. He was ushered into the court room and he entered a plea of guilty to the indictment. The court sentenced him to an indeterminate term in the Mansfield reformatory.

Gaffney was charged with having stolen a pocketbook from Samuel J. Hoover. Attorneys Zurnehly and Hall had been appointed by the court to defend the prisoner.

Of the thirteen prisoners who were arraigned before Judge Klingler Tuesday eight have now pleaded guilty to the indictments returned against them by the grand jury in its recent session and five remain to be tried on the charges standing against them.

There are also a number of persons against whom indictments were returned by the grand jury at its last session who have not yet been arraigned, among them being H. Earl Shuler, charged with assault with criminal intent; George Rosstana, cutting with intent to wound, maim and kill; James B. Hill, selling drink to a minor; Charles Predmore, larceny; Ella Harris, conducting a house of ill fame; and Alva Klingler, charged with forgery.

AFTER PEACH THIEVES

An organized band of juvenile peach purloiners consisting largely of newsboys, came to grief Tuesday evening when Probation Officer Thomas Phalen caught them in the act of pilfering the fruit from a basket in front of the Thomas grocery, north Main street. The newsies conceived a unique idea in the larceny. Whooping like Comanche Indians they dashed past the store several times, each time snatching a handful of luscious fruit. Phalen detected them, and grabbing one of the lads and subjected him to a severe lecture.

HAD LEG BROKEN

John Brannon, a laborer employed by contractor John R. Lee on the Erie railroad double tracking work, suffered a broken leg while doing some work at the station of Wren, west of this city. He was brought to Lima and taken to the hospital.

HORSE THIEF

IS BEING TRAILED BY CHIEF OF
POLICE VERMILLION

Armed with a "John Doe" warrant, Chief of Police Marion Vermillion in company with Byron Shappell, a stock farmer whose horse and buggy was stolen in front of the "Big Store" on the public square, Tuesday morning, is today scouring the county on a hot clue that may result in the arrest of the horse thief. A tip was given the police early Wednesday morning that the thief was driving east on the Marion road. Police have an excellent description of him.

An unknown man unlocked the animal from a post on the square and drove off with the outfit. The theft was discovered shortly afterwards and reported to police. A

bystander witnessed the theft and gave the police a description of the man. Chief Vermillion and Shappell are on the thief's trail with an automobile.

COLORED PORTER
CATCHES A THIEF

Prompt action of a colored porter at the Ohio Electric station Wednesday morning, prevented a purse thief from getting away with the pocketbook of Mrs. J. T. Bogart, a Lakeview woman, after the man, a well-dressed stranger, had boarded an interurban car.

Mrs. Bogart had entered the telephone booth in the station and left her purse upon the shelf. The stranger entered, took the pocketbook, which contained \$20.00, and emerged from the booth. Later he boarded the car. Police had been notified, when the porter who had watched the thief, forced the stranger to return the purse. He boarded an interurban car and left for Ft. Wayne.

Wherly sprang from the bath tub and planted a well directed blow to the other's nose.

Wednesday morning, Wherly was arraigned in mayor's court on an assault charge, pleaded guilty and paid his fine of \$5.00 and costs.

Are You
FAT?I Was
ONCE.I Reduced
MYSELF

I was Fat, Uncomfortable, Looked Old, Felt Miserable, suffered with Rheumatism, Asthma, Neuritis. When I worked or walked, I puffed like a Porpoise. I took every kind of medicine I could find. I Starved, Sweated, Exercised, Doctored, and changed climate but I ruined my digestion, felt like an invalid but steadily gained weight. There was not a single plan or drug that I heard of that I did not try. I failed to reduce my weight. I dropped suddenly as I did not care to be the butt of all the jokes. It was embarrassing to have my friends tell me I was getting stout, as no one knew it better than myself. SOMETHING HAD TO BE DONE.

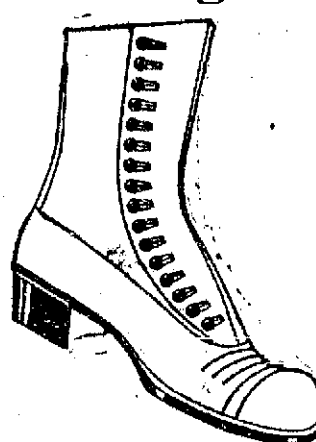

I began to study the cause of FAT. When I discovered the cause I found the remedy. The French Method gave me an insight. I improved on that. Removed the objectionable features, added more pleasant ones, and then I tried my plan on myself for one week. SCREAMED WITH JOY.

It worked like Magic. I could have at the end of the first week when the scales told me I had lost ten pounds by my simple, easy, harmless, useless Method. It was a pleasure then to continue until I regained my normal self in size. I feel fifteen years younger. I look fifteen years younger. My double chin has entirely disappeared. I can walk or work now. I can climb a mountain. I am normal in size. I can weigh just what I want to weigh. I am master of my own body now. I did not starve, but ate all I wanted to. I did not take Sweet Baths. I did not Drug. I used no Electricity, or harmful exercises, but I found the Simple, Safe, Common Sense WAY of reducing my weight and I applied it. I have tried it on others. My doctor says I am a perfect picture of health now. I am no longer ailing. I am now a happy, healthy woman. Now I am going to help others to be happy. I have written a book on the subject. If you are fat, I want you to have it. It will tell you all about my Harmless, Drugless Method. To all who send me their name and address I mail it FREE, as long as the present supply lasts. It will save you Money. Save you from Harmful Fumes. Save you from Starvation Diets. Hats of Individuality

Do you want the kind of hat that is turned out by the hundreds, or do you want a hat that expresses your own personality and good taste? Individuality is a matter of acute perception—a knowledge of combining fabrics, trimmings and colors into an ensemble that is not hackneyed or common. Individuality is the keynote of our Millinery Department. Each hat has a distinctiveness that raises it above the commonplace and puts it in a class of its own. Because of our unusual buying organization, we are able to furnish our patrons beautiful hats at the prices charged for the ordinary sort in most stores.

Trimmed Hats

At \$5, \$10 and \$15

Within this range of prices we are prepared to offer you a most extensive assortment of trimmed hats, turbans and hats of medium size. The most cursory inspection will convince you that our hats are practical as well as becoming. Then, too, they have that indefinable quality—style, which is, after all, the most essential factor.

HORSE THIEF

IS BEING TRAILED BY CHIEF OF
POLICE VERMILLION

Armed with a "John Doe" warrant, Chief of Police Marion Vermillion in company with Byron Shappell, a stock farmer whose horse and buggy was stolen in front of the "Big Store" on the public square, Tuesday morning, is today scouring the county on a hot clue that may result in the arrest of the horse thief. A tip was given the police early Wednesday morning that the thief was driving east on the Marion road. Police have an excellent description of him.

An unknown man unlocked the animal from a post on the square and drove off with the outfit. The theft was discovered shortly afterwards and reported to police. A

bystander witnessed the theft and gave the police a description of the man. Chief Vermillion and Shappell are on the thief's trail with an automobile.

COLORED PORTER
CATCHES A THIEF

Prompt action of a colored porter at the Ohio Electric station Wednesday morning, prevented a purse thief from getting away with the pocketbook of Mrs. J. T. Bogart, a Lakeview woman, after the man, a well-dressed stranger, had boarded an interurban car.

Mrs. Bogart had entered the telephone booth in the station and left her purse upon the shelf. The stranger entered, took the pocketbook, which contained \$20.00, and emerged from the booth. Later he boarded the car. Police had been notified, when the porter who had watched the thief, forced the stranger to return the purse. He boarded an interurban car and left for Ft. Wayne.

COSTLY BATH

Too Much Brought Results in A
Fist Fight

W. H. Wherly, a phlegmatic, rooming at the Kelly boarding house 916 south Greenlawn street, paid \$8.45 for the privilege of taking a bath Tuesday evening. Ed. Hanly, another roomer at the hostelry, wished to use the bath room. Wherly objected. Hanly claimed that the fumes from a gas stove in the room were too strong and opened the window slightly. Wherly sprang from the bath tub and planted a well directed blow to the other's nose.

Wednesday morning, Wherly was arraigned in mayor's court on an assault charge, pleaded guilty and paid his fine of \$5.00 and costs.

Men and Matters

Twenty-five members of the Lima Poultry Pioneers' Association were present at the monthly meeting held last evening in the office of City Auditor Bailis Simpson. A premium list for the coming poultry show January 16-17 was arranged and decision reached to double the premium on all groups of twenty-five birds or more. Prof. E. S. Jacoby, of Ohio State University, will conduct a course in poultry husbandry at the Y. M. C. A. this winter under the direction of the local association.

Members of the Lima Nest or Owls are making busy preparations for the Owl Tournament and vaudeville to be given at their east High street hall on October 25th. An arrangement committee consisting of H. R. Stump, chairman, Charlie Maxwell, R. G. McCauley and H. W. Raybolt, has been appointed and these are perfecting the program. Notably among the participants will be the Silver City Quartet who will furnish the music.

Clarence W. Kaenglein, bookkeeper and paymaster at the Western Ohio railway offices, underwent a surgical operation for hyrnea at the city hospital Tuesday afternoon, and rallied nicely following the ordeal. His home is in Wapakoneta.

Are You
FAT?I Was
ONCE.I Reduced
MYSELF

I was Fat, Uncomfortable, Looked Old, Felt Miserable, suffered with Rheumatism, Asthma, Neuritis. When I worked or walked, I puffed like a Porpoise. I took every kind of medicine I could find. I Starved, Sweated, Exercised, Doctored, and changed climate but I ruined my digestion, felt like an invalid but steadily gained weight. There was not a single plan or drug that I heard of that I did not try. I failed to reduce my weight. I dropped suddenly as I did not care to be the butt of all the jokes. It was embarrassing to have my friends tell me I was getting stout, as no one knew it better than myself. SOMETHING HAD TO BE DONE.

I began to study the cause of FAT. When I discovered the cause I found the remedy. The French Method gave me an insight. I improved on that. Removed the objectionable features, added more pleasant ones, and then I tried my plan on myself for one week. I SCREAMED WITH JOY.

It worked like Magic. I could have at the end of the first week when the scales told me I had lost ten pounds by my simple, easy, harmless, useless Method. It was a pleasure then to continue until I regained my normal self in size. I feel fifteen years younger. I look fifteen years younger. My double chin has entirely disappeared. I can walk or work now. I can climb a mountain. I am normal in size. I can weigh just what I want to weigh. I am master of my own body now. I did not starve, but ate all I wanted to. I did not take Sweet Baths. I did not Drug. I used no Electricity, or harmful exercises, but I found the Simple, Safe, Common Sense WAY of reducing my weight and I applied it. I have tried it on others. My doctor says I am a perfect picture of health now. I am no longer ailing. I am now a happy, healthy woman. Now I am going to help others to be happy. I have written a book on the subject. If you are fat, I want you to have it. It will tell you all about my Harmless, Drugless Method. To all who send me their name and address I mail it FREE, as long as the present supply lasts. It will save you Money. Save you from Harmful Fumes. Save you from Starvation Diets. Harmful Exercises, possibly save YOUR LIFE. It is yours for the asking without a penny. Just send your name and address. A Postal Card will do and I'll be glad to send it so that you can quickly learn how to reduce yourself and be as happy as I am. Write today as this advertisement may not appear again in this paper.
